Hi,

As you know the Navy held an Open House at TI last Saturday as an open communication effort for the community. I wasn't able to attend but have heard that it might not have gone well. The Navy did not allow press into the community Q/A portion of the event. I'm looking for news clips from the event. In so doing, I discovered that the Commonwealth Club is hosting an event tonight at 6:00 titled "Secrets of Treasure Island: Uncovering the Navy's Radioactive Legacy." I'll keep tracking this and keep you posted.

Loren
